

Deputy Country Director (m/w/d) in Raunheim

(11870)

Welcome to spp direkt!

As specialists in job placement, we offer applicants attractive opportunities with exciting responsibilities at respected companies.

Are you looking for a new challenge as **Deputy Country Director (m/f/d)**, **Deputy Country Manager (m/f/d)**, or **Deputy Head of Mission (m/f/d)**?

Then you are exactly right with our client in **Raunheim, Wiesbaden, and Mainz!** We are looking for **YOU** as a reliable **Deputy Country Director (m/f/d)**.

We offer you:

- Industry bonuses and above-tariff pay
- Special payments such as vacation and Christmas bonuses as well as performance-based incentives
- Up to 30 days of vacation (depending on length of service)
- "Employee referral program" bonuses up to €1,000
- Permanent employment contract
- Strong prospects for permanent placement with our client
- Fair pay (at least according to GVP tariff)
- Regular collectively agreed pay increases
- Personal support from our competent team
- 24-hour hotline – we are always available for you
- Free provision of high-quality work clothing and protective equipment

Your responsibilities:

- Oversee and coordinate various operational business processes
- Drive market expansion and strengthen brand presence
- Further develop service offerings and optimize network management efficiency
- Plan and manage product strategy and development
- Consolidate the operational base in the local market environment
- Build, lead, and motivate a high-performing team
- Work closely with the European team and company headquarters
- Pool resources to successfully penetrate the market and ensure sustainable growth

Your profile:

- Bachelor's degree and several years of professional experience within the EU
- Over a decade of expertise in the automotive sector, focusing on national management, market entry strategies, brand leadership, product development, and customer engagement
- Business-level fluency in Chinese, fluent English, and knowledge of additional European languages
- In-depth knowledge of the automotive industry, including regulations, market conditions, and customer requirements
- Extensive experience in building and managing dealer and service networks

- Proven track record in implementing market entry and brand development projects in the automotive field
- Solid background in conducting market and industry analyses as well as strategic planning at the local level
- Strong leadership and communication skills, combined with data affinity and high sensitivity in handling information
- Willingness to work in a 2-shift system

Note: All job titles apply equally to all genders.
